International Working Table: The training of marine professionals, real prospects and criticality

Will take place in Ercolano (NA) on December 17 at the "Oceanis center" from 19:00 to 20:15 the first of a series of technical working tables on the sea with the aim of analyzing the prospects and critical issues of training to find, with the institutions concrete solutions for the future of marine professionals.

Organized by IAM (Instructors Associated Maritime) the meeting is open to all connecting remotely to the following link: <https://global.gotomeeting.com/join/580132221> and the intent is to live a moment of encounter and dialogue useful to encourage the exchange of ideas and future projects.

The Regional Councillor for Training **Armida Filippelli**, the Mayor of Ercolano city **Ciro Buonaiuto**, the Councillor for Sea Resources and Problems of the Seafarers of Torre del Greco City **Annarita Ottaviano**, the Captain of the Italian marine authority of Torre del Greco City **Vittorio Giovannone** and the National President of the Propeller Club **Umberto Masucci** will take part in the meeting. In presence the speakers will deepen the theme of the training and through the experiences and consolidated services on the field to give answers on the formative requirements with the objective to sensitize all the actors of the training area to improve the quality and the effectiveness of the formation.

Moderated by Maurizio De Cesare, Director Porto&interporto discusses:

- Capt. Modestino Manfredi, Vice President IAM
- Eng. Umberto D'Amato, Vice President Atena Napoli
- Dr. Patrick Abela, ITCS Malta
- Dott.ssa Lucia Cimmino, Headmaster ITTL C. Colombo
- Capt. Paolo Pignalosa, Trainer & Senior Fisheries expert.
- Capt. Antonio Simeone , Resp. public relations and press IAM

"With this initiative IAM intends to demonstrate that it is attentive to the needs of the category and wants to lend its know-how to enable marine professionals to better prepare for the new challenges that will come "- says the President of IAM, Captain Gennaro Arma.
